THE WORLD'S FIRST STRAIGHT-THROUGH DIODE LASER HANDLE

Single-Handed Operation

Significantly Decreasing Fatigue
by 60%, Staying
Energized and Cool

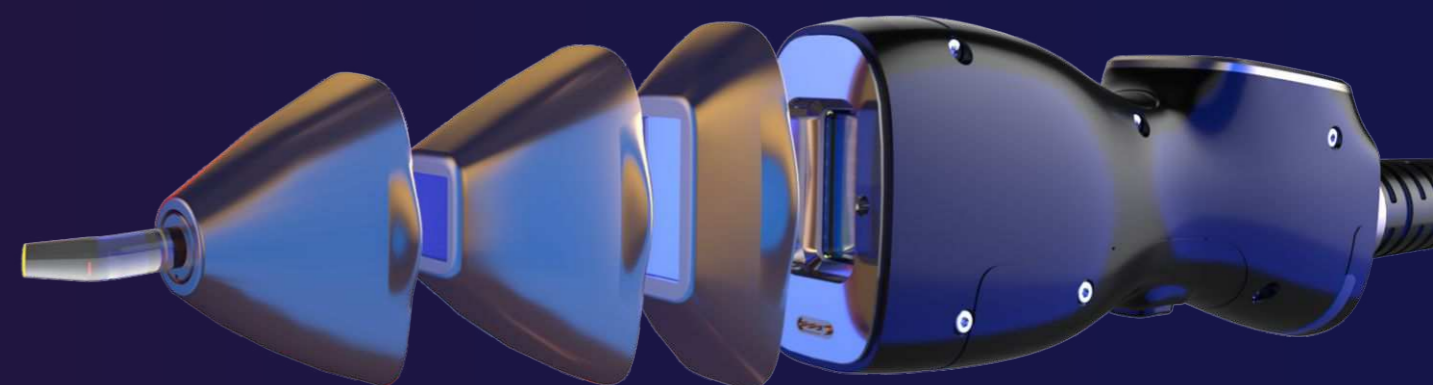

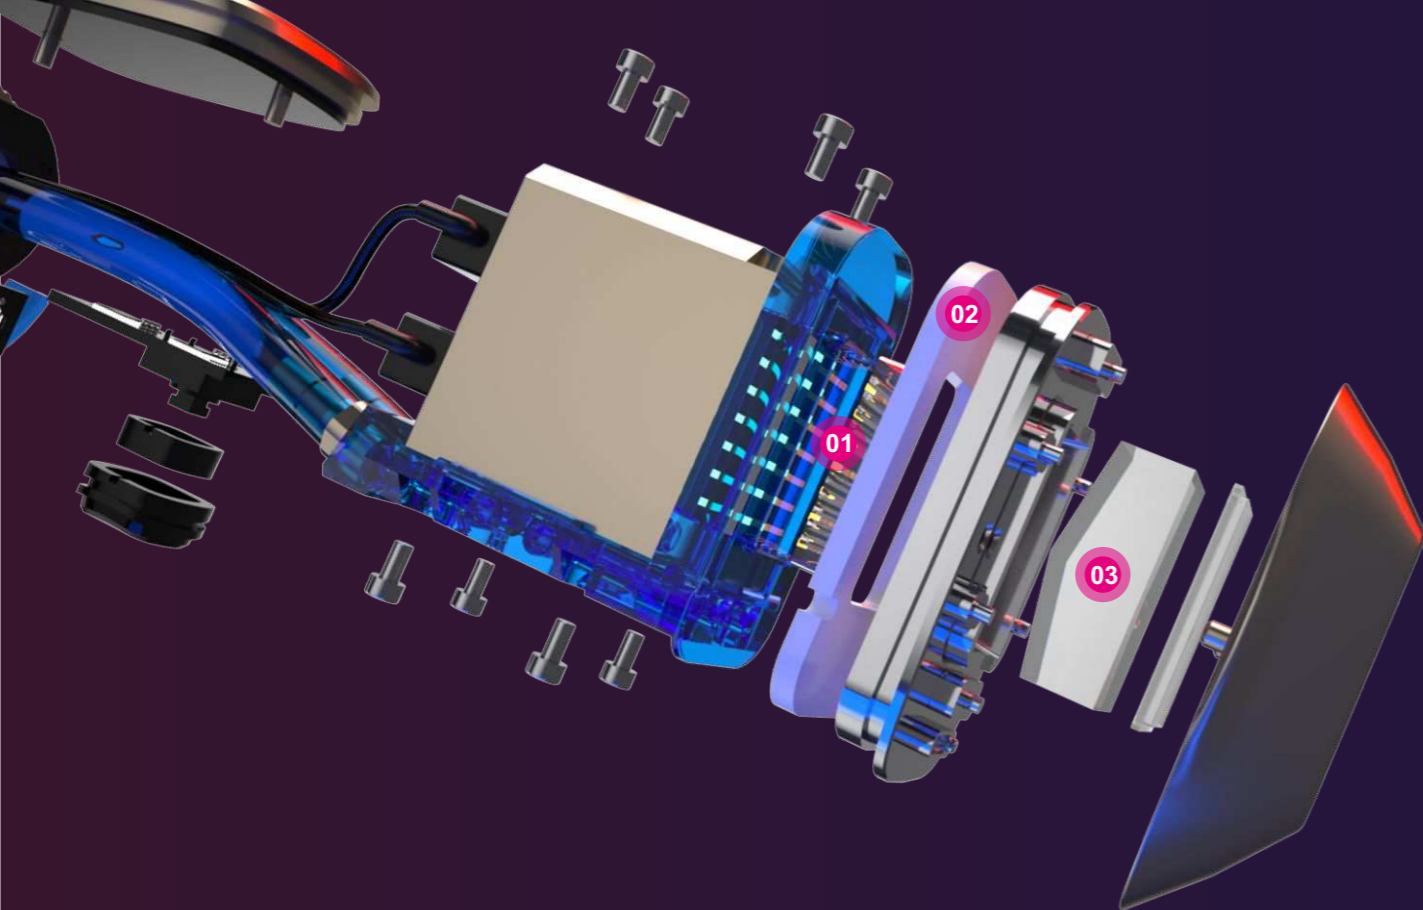

The handle is equipped with user
friendly control screen for easy
Management of entire system.

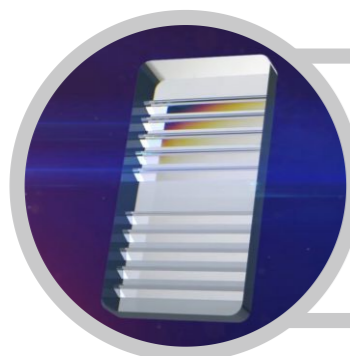

Handles, delivering unparalleled power,
and effectiveness.

ONE HANDLE THREE SPOT

(15*15mm, 15*30mm, 8*8mm) can be switched freely

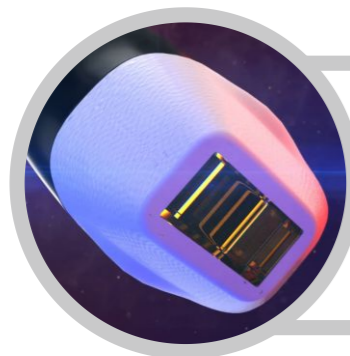

01

Germany LIMO Collimator Lenses

The spot uniformity is increased by **100%**
 The energy density is increased by **20%**
 The efficacy is increased by **50%**

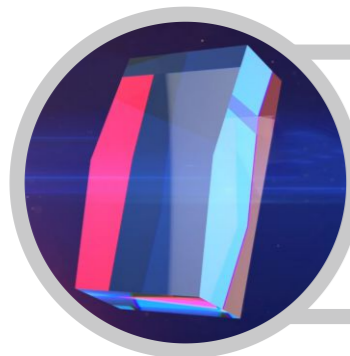

02

360° Cooling Peltier

Cooling reaches **-18°** in 2 minutes
 Skin contact cooling is increased by **300%**

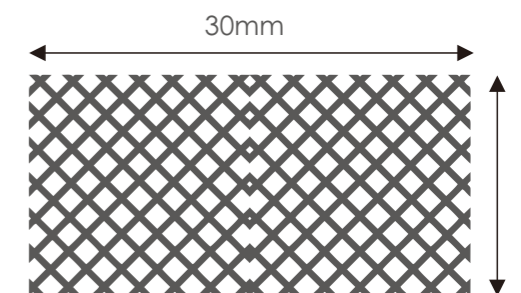

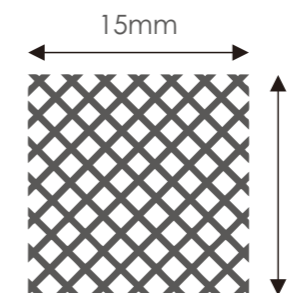

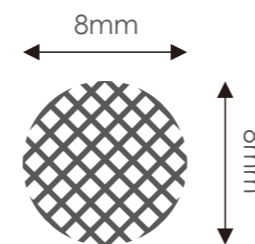

03

Germany LIMO Focusing Lens

Using German **LIMO** gemstone light guide crystal, Spot size adjustable by magnetic suction, just to please you

INTRODUCING THE FIRST NOSE TIPS WITH OPTICAL WAVEGUIDE JOINTLY DEVELOPED BY GERMAN LIMO.

- Easily treat areas that are normally hard to reach, including the ears, nostrils and glabella.
- Tailored for forehead, upper lips, cheeks, ensuring precision and heightened effectiveness.
- Fast treatment for large areas, optimizing time efficiency and reducing sessions. the number of sessions needed.

4in1 PERSONALIZED PLATFORM

808nm, 755nm, 940nm, 1064nm wavelengths, from single wave to 4 bands, what you want is what I will do.

755
nm

Alex 755nm
For the fine and residual hair.

808
nm

Diode 808nm
For general laser hair removal at a super speed.

940
nm

940nm
Effectively penetrates deep and absorbed by the target chromophore.

1064
nm

Long Pulsed YAG 1064nm
Deeper follicle penetration and darker skin focused.

LEVERAGING FOCUS LIGHT ASSEMBLED
GERMANY DILAS LASER BAR FOR
UPARALLELED QUALITY.

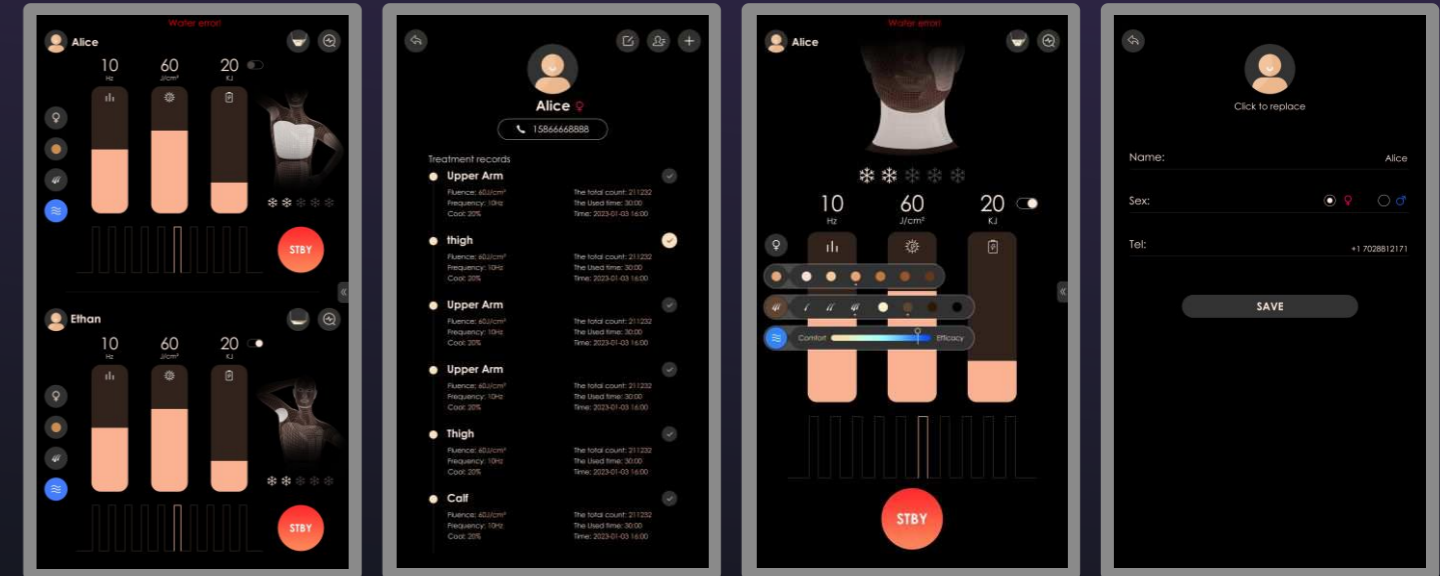

- ⊙ The world's first patented Single-bar-**200W**
- ⊙ The treatment pulse width is reduced to **2ms**
- ⊙ The treatment pulse width is **5-20** times lower than all diode laser in the world
- ⊙ The effect is increased by **200%**
- ⊙ The pain is reduced by **70%**

TRINITY PLUS™

Massive data storage

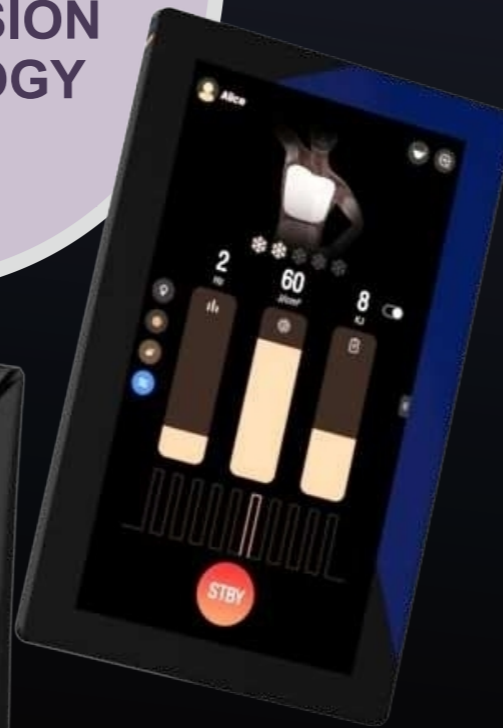

THE WORLD'S FIRST
TRANSMISSION
TECHNOLOGY

15.6-inch Ultra-clear Android screen

Equipped with the convenience of a detachable wide screen for recording client data.

TPL

TRINITYPLUS™

THE WORLD'S FIRST AI DIODE LASER TECHNOLOGY, EQUIPPED WITH HAIR DETECTION TO INTELLIGENTLY RECOMMEND THE BEST PARAMETERS

More

Professional

USING THE HIGHLY INTEGRATED MANNED SPACECRAFT TECHNOLOGY

-50%

The laser power supply
volume is reduced by 50%

-70%

The energy consumption
is reduced by 70%

Operational round the clock without the need of a chiller

resulting in 30% noise reduction, providing continuous support for your business.

Quieter
Operating

High
Power

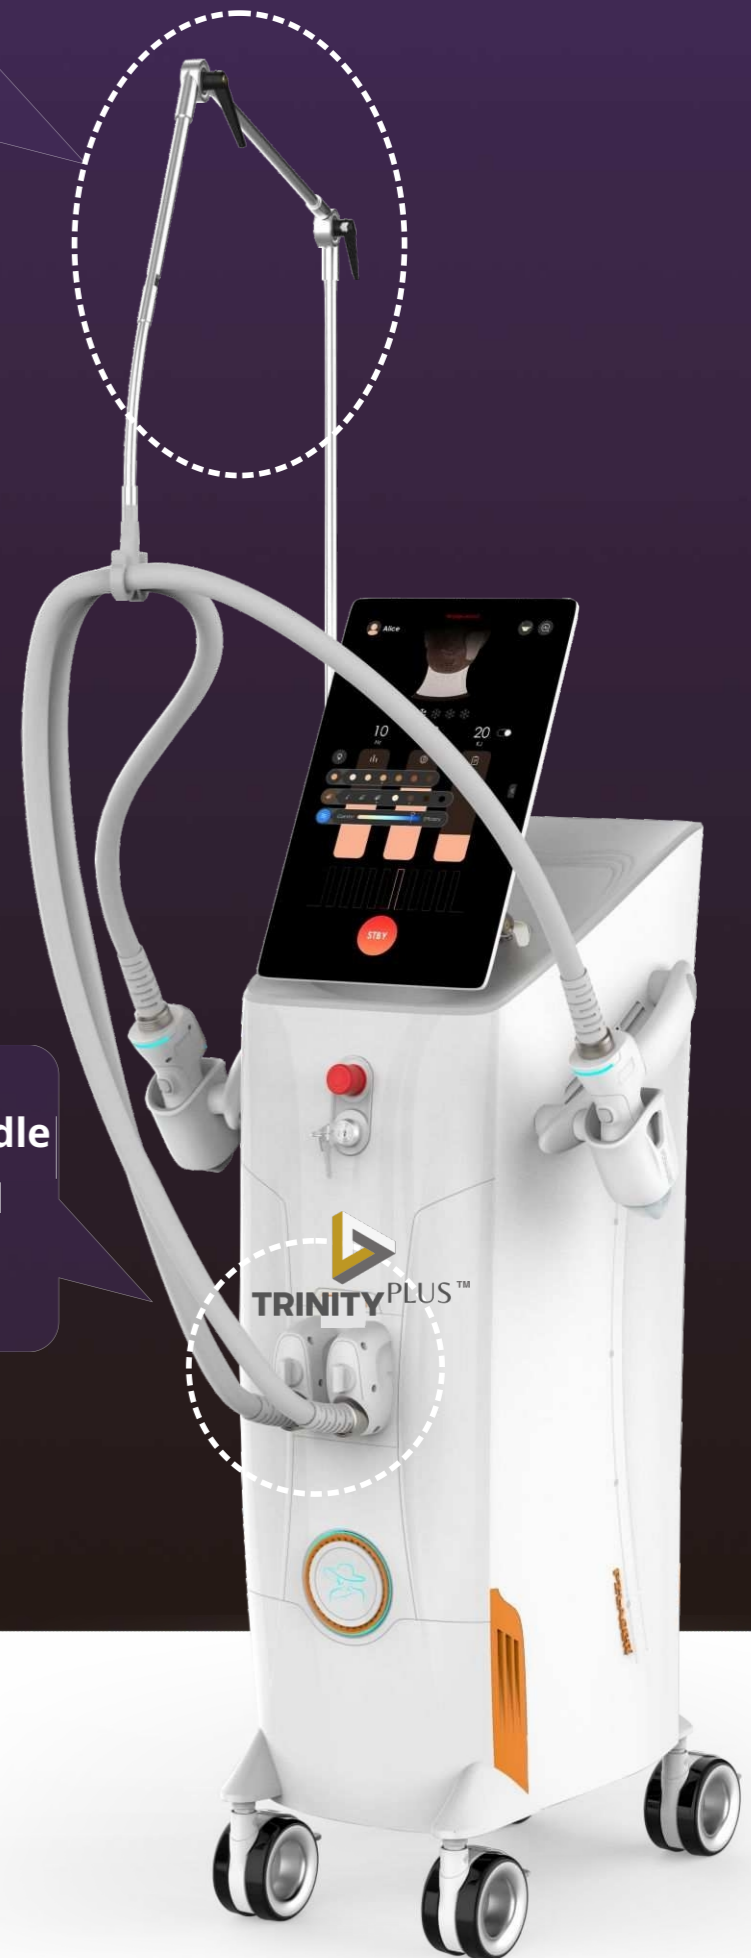

Long
Lifespan

The state-of-art crane-arm sets a new standard for Diode lasers makes the operation a delightful experience .

Introducing the dual handles that work simultaneously, harnessing an unprecedented level of power.

The recently designed plug-in handle at the front enhances operational convenience.
